

OATH GIN

MOMENTS CRAFTER

"A Finnish-made product based on the idea of Valtteri Bottas and Tiffany Cromwell, a new concept"

Story Moments Crafter produces not only its own brands, but also cooperation brands with selected partners, of which the first OATH gin was born with a company from Monaco. OATH is the world's first vacuum distilled oat gin. The production is based on Finnish oats, tracing the roots of Valtteri Bottas. The oats are vacuum distilled at room temperature, because they can't withstand the high temperatures, normally used for distillation. Using apple in a gin, on the other hand, comes from Tiffany Cromwell. Valtteri's family has been cultivating oats for years and the apples are Sterling, Australian, top export items in Tiffany's hometown.

Producer The vision of Moments Crafter is to build lifestyle brands and products that innovatively embody quality and sustainability. The symbol A represents their operations, where sustainability is part of their DNA, before and after - in product design and manufacturing, as well as in how manufacturing by-products are utilized and waste is minimized.
