

# ARCTIC BLUE OAT

”Experience a dairy-free alternative to cream liqueur”

*Story* The plant-based oat liqueur Arctic Blue Oat is a 100% vegan, gluten-free, and lactose-free alternative to cream liqueurs, and it's the world's first of its kind (gin-based oat liqueur). Handcrafted, the velvety Arctic Blue Oat liqueur intertwines the softness of northern oats with the harmonious aromas of dewy forests and wild blueberry thickets. The raw materials for the oat liqueur include oats grown in the world's cleanest air, North Karelian forest blueberries, and fresh Finnish spring water. The scent and flavor profile of the liqueur evoke vanilla custard oat-blueberry crisp, topped with a pleasant hint of cardamom and notes of fresh bread dough. Arctic Blue Oat provides warmth during winter frosts and offers a refreshingly spicy coolness on summer days when enjoyed with ice. Designed to be enjoyed on its own as a social drink, as a dessert, or in cocktails, Arctic Blue Oat fits perfectly due to its dairy-free nature. It's a completely vegan, lactose-free, and gluten-free alternative to cream liqueurs. Handcrafted in Finland. Remember to shake the bottle well before use!

*Producer* It all started with a crazy, almost impossible vision. We wanted to capture Finland's uniquely pure nature in a bottle for the world to enjoy. This gave birth to the globally acclaimed Arctic Blue Gin, and the same unwavering ambition reflects in all artisanal beverages crafted under the Arctic Blue name. Quality is something we never compromise on. Our distillery is located in Ilomantsi, North Karelia.
