

# ARCTIC BLUE GIN ROSE

"Experience the northern summer nature in your glass"

## Story

Arctic Blue is a lighter and sweeter Rose gin that brings our homeland's unique nature to your glass. It fits perfectly in a fizzy spritz in summer, gin and tonic and for replacing the liqueur in a variety of cocktails. Fresh tonic water accentuates the blueberry forest aromas of the gin with rose in the aftertaste. The purely natural colour of Arctic Blue Gin Rose comes from freshly squeezed juice of North Karelian blueberries and the fresh summery nuances of vacuum-distilled petals from roses in the forest. The aroma of this double gold award winning gin in The San Francisco World Spirit Competition and The Singapore World Spirit Competition takes you on a journey into the coniferous forest in spring, where wild roses have just blossomed. Coniferous flavour, juniper, bitter like berries and sweet like roses, harmoniously blended with the aromas of a morning in a dewy blueberry forest. Thanks to our special distillation method, all the most delicate aromas of the blueberries, their natural pectins and essential oils are still present in Arctic Blue Gin Rose. This Finnish artisan gin is handmade in Ilomantsi, Finland.

## Producer

It all started with a crazy, almost impossible vision. We wanted to capture Finland's uniquely pure nature in a bottle for the world to enjoy. This gave birth to the globally acclaimed Arctic Blue Gin, and the same unwavering ambition reflects in all artisanal beverages crafted under the Arctic Blue name. Quality is something we never compromise on. Our distillery is located in Ilomantsi, North Karelia.

**COLOR** Orange Red

**AROMA** A harmonious combination of blueberry bushes, spruce needles and wild forest roses

**TASTE** Spruce needles, juniper, bitter like berries and sweet like roses

**TIPS FOR USE** Rose & Tonic. Ingredients: 4cl Arctic Blue Gin Rose, 14cl Arctic Blue Tonic, ice. Garnish: Grapefruit peel/slice, basil. Glass: Wine glass. Preparation: Pour the ingredients over plenty of ice in a wine glass. Gently mix. Garnish the drink with grapefruit and basil
