# ARCTIC BLUE NIGHTWISH GIN

"Symphony of the North"

**Story** The premium-quality Nightwish Gin is the result of a collaboration between Arctic Blue Beverages, internationally acclaimed in spirits competitions, and the renowned metal band Nightwish. Come and experience a symphony that resonates with past, present, and future generations.

**Producer** It all started with a crazy, almost impossible vision. We wanted to capture Finland's uniquely pure nature in a bottle for the world to enjoy. This gave birth to the globally acclaimed Arctic Blue Gin, and the same unwavering ambition reflects in all artisanal beverages crafted under the Arctic Blue name. Quality is something we never compromise on. Our distillery is located in Ilomantsi, North Karelia.
