”The seductive spice of mulled wine meets the refreshing character of gin - a seasonal bestseller in the making!”

Story Arctic Blue Glögi Gin is a seasonal novelty that brings together two beloved beverages in perfect harmony. In the still, the traditional flavour notes of gin, such as juniper berries, are joined by warm mulled wine spices. The result is a dry gin that gets its festive Christmas colour from blackcurrants and lingonberries. Served with tonic water and garnished with an orange peel, Glögi Gin makes the ultimate celebratory winter aperitif. It is also an excellent addition to traditional warm berry mulled wine or festive Christmas cocktails. Arctic Blue Glögi Gin is handcrafted in small batches at Arctic Blue Distillery in Kamppi, Helsinki. Available for a limited time only.

Producer It all started with a crazy, almost impossible vision. We wanted to capture Finland's uniquely pure nature in a bottle for the world to enjoy. This gave birth to the globally acclaimed Arctic Blue Gin, and the same unwavering ambition reflects in all artisanal beverages crafted under the Arctic Blue name. Quality is something we never compromise on. Our distillery is located in Ilomantsi, North Karelia.
