WOLFBERGER BIO ORGANIC WINE RIESLING

”A characterful, delicious organic wine”

Story Riesling Bion grapes come from certified organic vineyards all over Alsace, which means the cellar master has gotten enough palette to create a fine balance. Fermented in refrigerated steel tanks, which preserves the mellow and fruity floral notes. A versatile wine.

Producer Wolfberger is an over-century-old cooperative and one of the largest wine producers in France, being the largest in Alsace. It comprises 450 growers who harvest their grapes from 13,000 plots, covering an area of 1,200 hectares. Wolfberger's wines represent the entire spectrum of Alsace wines, encompassing all the region's grape varieties and a significant number of Grand Cru vineyards. Innovation, research, dedicated stakeholders, and modern equipment ensure high quality, whether it's white wine, red wine, or Crémant produced using the traditional bottle fermentation method. Wolfberger's production is thoroughly certified, and sustainability is a guiding principle of the company (AgriConfiance®). Some of their wines are certified organic or biodynamic.

COLOR Light golden yellow

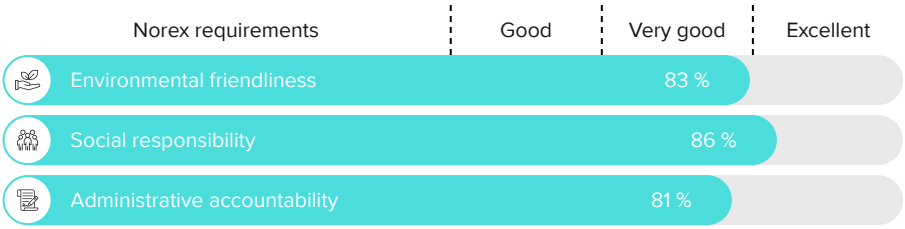

AROMA The scent is reminiscent of citrus fruits, green apple, ripe honeydew melon, yellow grapefruit and minerals

TASTE Dry, freshly acidic, notes of citrus, yellow plum, grapefruit and mineral notes. The wine has a good texture, a rich taste and the slight amount of residual sugar is not felt due to the acids, but gives the wine a boost

TIPS FOR USE A versatile food wine, but at its best with seafood delicacies, fish and poultry. Soft cheeses are also an excellent match. Perfect also with spicy Asian dishes.
