GRATAVINUM 2PR

”Perfect roundness”

PARÉS 1790 BALTÀ

Story Gratavinum 2πr redefines Priorato wine. The wine from the village of Gratallops combines the special soil of the area with the expertise of Parès Baltá in the vineyard and cellar, giving birth to the wine, which is perfectly round. This is indicated by the geometry formula 2πr in the wine’s name, which allows you to calculate the length of the circumference of a circle. Grenache (68%), Carignan (27%) and Syrah (5%) grapes are aromatised in the cold for 7 days, after which they are fermented into wine in a chilled steel tank for two weeks. New and old 400 litre casks made of French and Hungarian oak have been used, for maturation.

Producer Parés Baltà winery was established back in 1790 and remains a family-owned business to this day. Their wine production is infused with great passion, and the endearing and warm-hearted Cusiné family welcomes all wine enthusiasts to their estate, located just a short distance from Barcelona. The vineyards are situated across five villages, encompassing diverse terrains, valleys, and mountains. This allows for the cultivation of wines in both Mediterranean and continental climates, as well as in their intermediate zones. Some vineyards are nestled within nature reserves, where grapes grow almost magically undisturbed. The vineyards are located on centuries-old terraces, where wild boars, foxes, hares, and eagles are common sights.
