

"Juicy Fruity"

Story

Savia Viva's name speaks of the "flow of life", that flows through the vines, producing grapes and conveying the natural aroma of the Penedès soil to the grapes and finally to the wine. The labels of the Savia Viva product family tell a true story related to Finland. In 1971, Joan and Maria Angels Cusiné got married. They bought a camper, and went on a two-month honeymoon to Scandinavia. As the adventure continued, they also arrived in Finland, whose culture, people and food they fell in love with. Nine months later, their son Joan was born, who is currently heading the company

Producer

Parés Baltà winery was established back in 1790 and remains a family-owned business to this day. Their wine production is infused with great passion, and the endearing and warm-hearted Cusiné family welcomes all wine enthusiasts to their estate, located just a short distance from Barcelona. The vineyards are situated across five villages, encompassing diverse terrains, valleys, and mountains. This allows for the cultivation of wines in both Mediterranean and continental climates, as well as in their intermediate zones. Some vineyards are nestled within nature reserves, where grapes grow almost magically undisturbed. The vineyards are located on centuries-old terraces, where wild boars, foxes, hares, and eagles are common sights.

AROMA Yellow plums on the nose, herbs, green apple, lemon and mineral notes
