PARÉS BALTÀ MAS PETIT

”Classic red wine”

Story Mas Petit combines the best of two worlds. A particularly soft Cabernet Sauvignon and its companion, the delicious and aromatic Garnatxa, are included and the result is the most traditional red wine from Parès Baltá. The roundness and seamlessness of Mas Petit,as well as its rich fruity and ripeness balance the aroma and texture of oak. The result is a vinous pleasure,on its own or at the dinner table.

Producer Parés Baltà winery was established back in 1790 and remains a family-owned business to this day. Their wine production is infused with great passion, and the endearing and warm-hearted Cusiné family welcomes all wine enthusiasts to their estate, located just a short distance from Barcelona. The vineyards are situated across five villages, encompassing diverse terrains, valleys, and mountains. This allows for the cultivation of wines in both Mediterranean and continental climates, as well as in their intermediate zones. Some vineyards are nestled within nature reserves, where grapes grow almost magically undisturbed. The vineyards are located on centuries-old terraces, where wild boars, foxes, hares, and eagles are common sights.
