PARÉS BALTÀ PINK P

”It’s like pouring summer in a glass”

Story

Parés Balta Cava Pink is made using the traditional method of bottle fermentation,typical for cava. The wine has been allowed to develop on the lees in the bottle for 18 months. Cava Pink is an organic cava modernised with Garnatxa,that also suits vegans. Traditional cava gets a new gear,where you can smell summer strawberries and raspberries. Long storage in a cellar will add an even more pleasant aroma to the scent. The result is an enjoyable glass.

Producer

Parés Baltà winery was established back in 1790 and remains a family-owned business to this day. Their wine production is infused with great passion, and the endearing and warm-hearted Cusiné family welcomes all wine enthusiasts to their estate, located just a short distance from Barcelona. The vineyards are situated across five villages, encompassing diverse terrains, valleys, and mountains. This allows for the cultivation of wines in both Mediterranean and continental climates, as well as in their intermediate zones. Some vineyards are nestled within nature reserves, where grapes grow almost magically undisturbed. The vineyards are located on centuries-old terraces, where wild boars, foxes, hares, and eagles are common sights.
