PER FILO ORG

Story

Per Filo is the project of Duccio and Clotilde Corsini's eldest son, Filippo, in which he aimed to create a wine that symbolizes a new direction in production by respecting nature's rhythms in winemaking. The grapes are cultivated using biodynamic principles, the wine is unfiltered, and no sulfites are added. Annual production quantities are very limited, with only 2,675 bottles produced in the 2021 vintage

Producer

Who among us wouldn't want to live in the Villa le Corti castle dating back to 1363 in Tuscany, at the heart of Chianti Classico? Principe Corsini is one of Italy's most historical lineages. The family members have been actively involved in Italy's art scene by owning one of the country's largest private art collections. Principe Corsini produces wine in Tuscany's Chianti Classico and on the Maremma coast. The Le Corti estate in Chianti Classico covers a total of 256 hectares, with 49 hectares dedicated to vineyards. Principe Corsini's other massive estate, Tenuta Marsiliana in Maremma, spans 2850 hectares, yet only 30 hectares are vineyards. Principe Corsini's guiding principle is to create classical wines that are of high quality and excellence. Their vineyards do not contain French varieties. They also boast excellent olive oil, hospitality, and offer cooking courses in Italian cuisine that perfectly complement the picture.

COLOR Ruby red

AROMA The aroma is multi-layered, offering dark fruity notes and hints of balsamic. There are also detectable hints of spiciness and delicate violet.

TASTE The taste balances deep fruitiness and freshness. The structure is enhanced by silky tannins and earthy herbal notes.

TIPS FOR USE The wine's rich aromas are beautifully showcased, especially with tomato-based pastas. It also pairs excellently with a variety of antipasti.
