SEGREDOS DE SÃO MIGUEL GRANDE ESCOLHA

”Great choice”

Story Alentejo Region Touriga Franca, The vines of the Syrah and Alicante Bouschet grapes grew on vineyards dominated by clay and slate. They were repaired by hand and the straps were removed completely. The grapes were macerated 48 hours before fermentation and fermented in open vessels (lagares), where the temperature was maintained between 22 °C and 28 °C and the skins were automatically stirred. Malolactic fermentation then took place in oak casks, after which the wine was matured for a year in oak casks and tanks.

Producer Casa Relvas, a Portuguese winery, aims to produce quality wines for all occasions; wines that evoke good times and represent Alentejo's gift to the world. Established in 1997, the young company has experienced significant growth, managing 750 hectares of cork-producing forests, 250 hectares of olive groves, and 350 hectares of vineyards. Consistency in high-quality production characterizes the six million wine bottles produced annually, earning hundreds of awards and excellent reviews from wine critics. The producer has been awarded the Earth Friendly winery status and engages in numerous environmental conservation projects alongside winemaking. Relvas also focuses on sustainable development through social and economic initiatives. Five percent of Relvas' production is certified organic wines.
