SEGREDOS DE SÃO MIGUEL ORGANIC

”Silk and velvet”

CASA RELVAS
ALENTEJO | PORTUGAL

Story

Segredos de São Miguel is a tribute to the culture and traditions of the people of the region. The Touriga Nacional, Alicante Bouschet, and Aragonez grapes were grown in soils dominated by clay and schist. They were harvested mechanically at night to ensure cool grapes. The grape stems were completely removed, and the grapes were gently pressed using a pneumatic press. A 48-hour skin contact period preceded fermentation in temperature-controlled tanks at 21–25 °C. Malolactic fermentation took place in stainless steel tanks, with oak staves adding flavor and structure to the wine. 20% of the wine was aged in 400-liter oak barrels.

Established in 1997, the young company has experienced significant growth, managing 750 hectares of cork-producing forests, 250 hectares of olive groves, and 350 hectares of vineyards. Consistency in high-quality production characterizes the six million wine bottles produced annually, earning hundreds of awards and excellent reviews from wine critics. The producer has been awarded the Earth Friendly winery status and engages in numerous environmental conservation projects alongside winemaking. Relvas also focuses on sustainable development through social and economic initiatives. Five percent of Relvas' production is certified organic wines.
