

HERDADE DE SÃO MIGUEL VINHA JARDIM

"Father's Garden"

Story

Herdade São Miguel Vinha Jardim is a perfect expression of what we consider an exceptional vineyard site. Vinha Jardim originates from the schist-rich soils of Herdade de São Miguel, specifically from the very first Touriga Franca and Alicante Bouschet vines that my father planted more than 20 years ago. Many people referred to these vineyards as a "garden" because of the meticulous care with which they were tended. Today, these vines produce an intense, fresh, and elegant red wine. It is a testament to the outstanding potential of these grape varieties, which are often underestimated, says Alexandre Relvas.

Producer

Casa Relvas, a Portuguese winery, aims to produce quality wines for all occasions; wines that evoke good times and represent Alentejo's gift to the world. Established in 1997, the young company has experienced significant growth, managing 750 hectares of cork-producing forests, 250 hectares of olive groves, and 350 hectares of vineyards. Consistency in high-quality production characterizes the six million wine bottles produced annually, earning hundreds of awards and excellent reviews from wine critics. The producer has been awarded the Earth Friendly winery status and engages in numerous environmental conservation projects alongside winemaking. Relvas also focuses on sustainable development through social and economic initiatives. Five percent of Relvas' production is certified organic wines.

AROMA The rich bouquet overflows with black cherries, ripe blackcurrants, dark plums, tobacco, white flowers, leather, anise, and vanilla.

TASTE Full-bodied and generously fruity, with refined tannins, excellent length, and superb balance.
