

RUNNING DUCK WHITE

"An ethical organic wine"

Story Running Duck White is vegan, organically farmed, ethically produced and Fair for Life certified. The wine also has a local Sustainability and Integrity certificate. The bottled wine is packaged in environmentally friendly light bottles. The Running Duck range takes its name from Indian Runner ducks, which act as natural pest control on vineyards.

Producer Stellar Winery is the largest producer of high-quality, fair trade, organic wines in South Africa. The company sources certified grapes from independent growers in the Western Cape region. Some of the growers and workers own a portion of the company, which operates with a focus on caring for the environment, workers, farmers, and their families, carrying social responsibility for the entire area. Stellar is the world's largest producer of wine without added sulfites. In addition to organic production, Stellar aims to be a pioneer in both winemaking and social development. The Running Duck wine series from Stellar Winery derives its name from the Indian runner ducks. These swift, flat-footed ducks feed on snails and other pests in the vineyards, taking care of the well-being of the organic wine vines.
