FOOTMARK WHITE MUOVIPULLO

”Good plastic”

Story

This wine was designed with convenience and enjoyment in mind. It is approachable, budget-friendly, versatile with food, and packaged in a lightweight plastic bottle that is easy to carry and won't break in a picnic basket. It also comes with stories from Spain's La Mancha region, where Don Quixote famously battled windmills. The grapes for this wine are sourced from the surroundings of the La Manchuela region. The wine is fermented in stainless steel tanks under controlled temperatures to preserve its fresh and fruity character. Footmark White is a wine made for relaxed occasions and is also suitable for vegans. When returned through a bottle deposit recycling system, the plastic bottle can be recycled into new plastic products, giving the material a new life. A delicious, easy-drinking wine and practical packaging all in one.
