EN VITTU TIIÄ 8%

Story This laid-back party bubbly is made using the tank fermentation method in Germany. 'En vittu tiiä' has become a social media phenomenon in Finland, rising to popularity since 2019 when two friends created the Instagram account @envittutiaaofficial for fun. The account quickly gained new followers, and soon it had turned into a national trend. It's no surprise, as the catchy slogans stem from thoughts and situations that are easy for Finns to relate to in everyday life. The sparkling wine comes in a lightweight glass bottle, which is more environmentally friendly than traditional glass bottles.

Producer Norex Selected Brands is a Finnish family-owned company that has understood the preferences of Finnish beverage enthusiasts since 1981. Through its own brands, Norex Selected Brands produces high-quality alcoholic beverages for Finnish consumers. The products consistently maintain excellent quality, and the production process aims to incorporate environmentally friendly solutions.

COLOR Pale yellowish

AROMA White currants can be detected on the mild nose, pears, melon, gooseberries and citrus

TASTE Medium dry, mildly fruity, light notes of citrus and easily approachable

TIPS FOR USE If you decide to skip your workout due to a general 'can't be bothered' mood, this sparkling wine is a great choice. Otherwise, I honestly don't know. When it comes to food, it pairs especially well with comfort dishes, leaning towards snackable treats. Chips, salted peanuts, marshmallows, and other slightly indulgent options. If you can muster the energy to call Wolt or Foodora, I'd go for Tex-Mex. With all the toppings.
