## Story

The Grillo (80%) and Nerello Mascalese (20%) grapes were harvested from the Sambuca region in Sicily during the first weeks of September. The grapes were gently pressed, and the juice was fermented into wine in airtight stainless steel tanks under controlled pressure and temperature. The secondary fermentation lasted for at least 60 days at low temperatures, ensuring the creation of fine and persistent bubbles. The wine was then further aged in stainless steel tanks. Beautifully packaged, this wine conveys a message of love with its ceramic label. A sparkling gesture perfect for dates, engagements, weddings, or anniversaries.

**COLOR** Pale straw-yellow color.

**AROMA** The aroma is fruity with notes of pear, apple, currant, and a lively, nuanced character.
