AURAMADRE CASTEL DEL MONTE NERO DI TROIA ORGANIC

CANTINA TOLLO

"Mother Nature's gift"

Story the growing success of Cantina Tollo has made it possible to incorporate the cellars of Auramadre into the company as a project to promote organic wine growing in a wide and multidisciplinary area. Auramadre is a very ambitious project, with an area of up to 200 hectares. The organic Nero di Troia grapes of this wine come from the region of Puglia (Puglia). This quality and tasty variety can't be found anywhere else, and it has nothing to do with Troy, but a village called Troia in the Foggia region of Puglia. The variety is very old and its thick skins give the wine rich tannins with gentle acidity.

Producer "Cantina Tollo is a wine cooperative established in 1960, deriving its name from the village of Tollo located in the Abruzzo region of Italy near the Adriatic coastline. Cantina Tollo oversees over 3000 hectares of vineyards stretching from the Mediterranean Sea to the Maiella mountain range. The climate, characterized by warm days and cool nights, imparts complexity and acidity to the wines. The estate employs the pergola method for vine training, ensuring adequate airflow to shield the grapes from moisture and potential diseases. Cantina Tollo places a strong emphasis on environmental concerns, sustainable practices, and continually expands its production of organic wines."
