

"Dragonfly balance"

Story Organic grapes from certified vegan wine combine heritage, oenological research and respect for nature. Each bottle in the wine range has its own bio-indicator: insect lifestyles are the best indicator of environmental and climatic changes. Dragonfly is a magical insect, symbol of freedom and balance, capable of revealing the health of rivers, just as Trebbiano D'Abruzzo reveals biodiversity. Abruzzo's pergolas were harvested in mid-September, the structure of the wine was sought by cold maceration and fermented at a low temperature. Award-winning wine.

Producer Cantina Tollo is a wine cooperative established in 1960, deriving its name from the village of Tollo located in the Abruzzo region of Italy near the Adriatic coastline. Cantina Tollo oversees over 3000 hectares of vineyards stretching from the Mediterranean Sea to the Maiella mountain range. The climate, characterized by warm days and cool nights, imparts complexity and acidity to the wines. The estate employs the pergola method for vine training, ensuring adequate airflow to shield the grapes from moisture and potential diseases. Cantina Tollo places a strong emphasis on environmental concerns, sustainable practices, and continually expands its production of organic wines."

COLOR Light straw yellow

AROMA Lemon on the nose, with white flowers, yellow plum and mineral notes

TASTE Freshly acidic, notes of citrus fruits, vigorously fruity, spicy and long

TIPS FOR USE Trebbiano d'Abruzzo is well-suited as an aperitif, partner with seafood, with shellfish and mussels, for nutritious salads and white meat.
