LA GARNATXA FOSCA DEL PRIORAT

vintae

"A world-class wine from rocky slopes"

Story In search of the perfect Garnacha we have entered the Priorat area, where Fosca offers Mediterranean climate and minerals. La Garnatxa Fosca has grown in vineyards that are more than 60 years old, at an altitude of 300 to 400 meters above the sea, on the hilly slopes of the Molar Mountains and on slate terraces. The grapes were harvested by hand at the end of September and in the first days of October. The maceration took two weeks and the fermented in refrigerated steel tanks. The wine matured for ten months in new and old French oak casks.

Producer "We are restless, creative, and rebellious. We are free thinkers who aim to revolutionize the wine world without losing our essence. We bottle stories and tell them as we go," says Ricardo Arambarri, CEO of Vintae. More than just a wine industry company, Vintae is a party you wouldn't want to miss. Fortunately, the invitation is included in every bottle, and there's no shortage of bottles. While Vintae's roots lie in Rioja, they operate in 15 different wine regions. Each wine has started as a project that challenges the traditional way of seeing and making wine. Vintae dares to dream, to try, to work hard, to change the world, and to have fun. "We are enthusiasts when it comes to wine. We make it, we drink it, and we even sell it." Vintae is a captivating company that is rewarding to follow. A visit to any of their locations is an eye-opening experience. Conversations easily shift from ancient Roman cellars to ultra-modern winemaking. Vintae is young in age but old in its roots—an entity that is radical, knowing what it is changing and why.
