HACIENDA LOPEZ DE HARO CRIANZA

”New classic”

Story

This wine was born from the selected grapes of the old vineyards Tempranillo, Grenache and Graciano. These scarce lands along the Ebro River give very little harvest, but in order to become big, the wine has to suffer. La Rioja San Vicente de la Sonsierra was harvested by hand in October, macerated for two weeks and used with strict monitoring at 28 °C. 18 months of maturation in French and American oak casks gave rise to a celebrated wine, which has received awards from leading wine magazines.

Producer

Hacienda López de Haro is situated in the heart of Rioja, in the village of San Vicente de la Sonsierra. The Toloño mountain range shields the vineyards from cold winds, while the Ebro River provides necessary moisture. The area boasts its microclimate, abundant wind, and moderate temperatures, with rainfall primarily during the winter months. Here lie Rioja Alta's best vineyards of old Tempranillo vines, which produce low yields in meager soils but of high quality. Bodega Hacienda López de Haro collaborates with a group of trusted growers whose commitment to quality, love for their work, and sense of community are integral to the winery's operations. All the wines here share common traits: grapes sourced from the finest areas of Rioja, dedicated work in the vineyards, and a passion poured into crafting each wine. To become a classic, age and lineage aren't prerequisites; it's more about working magic in quality and diligence, offering experiences akin to passion. Hacienda López de Haro represents a new classic, challenging standards, banality, and preconceptions. The winery is owned by Vintae.
