CRAFTER'S WILD FOREST GIN

"Nordic to its core!"

Story

At the heart of a fresh recipe that values local nature are, of course, juniper berries, spruce needles and pine shoots. Late summer heather and blueberry shoots add a light fruity nuance on the palate. Lemon and orange peel adds freshness. Ginger, nutmeg and iris root bring fullness to the resinous core flavour. In the background, there is a surprising taste of smoky juniper and the gentle minerals of a seashore – as if straight from the North. Last but not least, Crafter's sustainably distilled juniper berries are the cornerstone of our gin production. Crafter's Wild Forest gin tastes like the most beautiful shade of green.
